Since 1983, MPR has been a growing family of public entities in Missouri and Kansas who have found that public pooling is the answer to decrease financial risk to taxpayers created by routine, unanticipated and catastrophic events. Our members work together to reduce all members’ risks and associated costs. MPR represents the interests of 170+ public entities that rely on the organization to be a trusted advisor, advocate and resource for their risk management and benefit needs. With a unique blend of services specifically tailored to meet your needs, MPR has a proven track record of success.

As a member-driven organization, MPR member representatives are able to participate in collective ownership and decision making by directing pool services and encouraging staff to solve individual needs. This is MPR’s greatest strength.

MPR is overseen by three different Boards: MPR, MPR of Missouri, and MPR of Kansas, Inc. Each state has its own individual Board and the MPR Board oversees both of the State Boards. Each of the Boards has a slightly different role, but come together in making the best decisions for the entire pool. The MPR of Missouri Board consists of 11 Members and the MPR of Kansas, Inc. Board consists of 7 Members. These Board Members are elected by the Member Representatives of each Member entity.

By retaining a portion of the risk and not relying on the traditional insurance industry, MPR is able to reduce what you contribute. When contributions are coupled with positive loss experience in a given year, the remaining equity is returned to you in the form of dividends or additional services. Dividend returns have amounted to over $10 million.

One characteristic that makes public entities and their boards predisposed to undue exposure are their limited resources. Tighter budgets, fewer personnel, and inability to consult outside professionals can produce an environment where errors or omissions occur. MPR has comprehensive knowledge on minimizing exposure and experienced consultants to assist with specific circumstances. We, as a pool, work together to make intelligent, informed decisions that make situations better for all of us.

The Protection You Need at a Lower Cost
Loss control is the key to lower contributions and bigger dividends for MPR member entities, and MPR has extensive resources to help. These include training and consultation, online resources, certification programs, legal advice and more. Entities who take advantage of these resources benefit financially from fewer claims and protect their property, communities and employees in the process.
Workers’ compensation is self-funded by MPR members, so member participation in safety and loss control training is critical.
MPR’s property and liability coverage benefits from the combined buying clout of its membership to reduce costs and expand services.
